Dear Ms. Ewart-James:

Spelman College is in receipt of your request that we terminate our contract with Aramark. The allegations against the company are serious.

We believe that these serious allegations merit our careful consideration. In the coming weeks, the college intends to establish a process whereby major stakeholders in our community, representing students, faculty and staff, review the case that Freedom United has made against Aramark.

Once we hear from our constituents, the college will make a determination as to how we proceed.

Thank you.

Sincerely,

Mary Schmidt Campbell
